

The WEBER Family

January-March 2024

Mailing Address:
479 Center Street N.
Baldwin, FL 32234

This first quarter of 2024 has been exciting. In January our first Grandbaby was born. Our son Colton and His wife Caylin gave birth to Elaina Joy on January 17th. Our home church bought tickets for Tammy to go to America to see them. It was a great blessing. While in America, Tammy visited our other children and had some doctor visits. Charlie, Clay, and I have remained in Mongolia.

Over the past few months, the church has had several visitors. We are grateful for our church members who are inviting their friends and family. One of our teens in the English service has 4 of her friends from school come. Two of these young men have returned multiple times. Neither are Christians but have many questions. Please pray they will receive Christ. Another of our men in the Mongolian service brought a friend who enjoyed our services and asked if he could come back without making any commitments. We pray he will hear and understand his need for Christ. We have had two other families visiting that have come looking for a church home. God is working and we are excited to see what He will do. Please pray for these people and that our church will continue to reach people and grow.

Our teen group has had a couple of activities, In January we had a sledding activity and in March we had a game night activity. We have a young Mongolian couple who are helping us with the youth group. We are excited for them to continue to grow in their leadership and teaching. They had their first baby in February. Please pray for this area of ministry and the growth of our leaders.

In February Tsagaan Sar was celebrated. This is Mongolia's biggest holiday. It is three days of visiting family and friends in their homes. It is tradition to wear Mongolian traditional clothing and eat certain food while visiting. Me and the boys were invited to visit a couple of homes during this time. After this Holiday, the Bible College's new semester started. We have now just finished the mid-term test. Please pray for the students and staff. Please pray that God would send us more students.

I continue to teach English at a school here. My program will end at the beginning of May. By mid-May our partners, Cameron and Hannah Schmutzler, will return to America for their first furlough. They are a blessing to us and the ministry. They are an important part of the ministry here. Please be praying for them as they prepare for their furlough. Also pray that God will give me wisdom about how to cover everything in their absence.

Tammy was scheduled to return to Mongolia in March. Unfortunately, she had a medical issue that came up. She has since been to the doctors and we know what the problems are and have a treatment plan. Prayerfully she should return by the end of May. Please pray for us and her.

Thank you again for your prayers and support.
