Church-Planting Missionaries to Indonesia

VISION
BAPTIST MISSIONS, INC.

Dear Fellow Laborers,   2nd Quarter 2025

As we approach the end of our time in the States, we are confident that God has been at work in response to your prayers for us. Thank you for praying! The first picture on the right is of a dear Sister in the Lord who has been praying for us since we came to her church roughly six years ago. Thank you for praying for Joe's college preparations as he begins mid-August.. He has received multiple sources of financial aid. We will be heading back to Indonesia at the end of September.

As many of you know, over the past three years, our daughter Olivia has faced ongoing and serious health challenges. The early months were especially difficult, with little to no improvement. After trying various treatments and working with several doctors, we finally saw some slow progress. However, our return to the U.S. for furlough brought unexpected setbacks in her condition.

Recently, we began working with a specialist who does not accept insurance. **While the out-of-pocket costs have been significant, we believe it was the right decision.** Through extensive testing, treatment protocols, and a new medication, Olivia has made remarkable progress—more than we've seen in years. **We are deeply grateful to God for this remarkable turnaround.**

Due to these medical expenses, we are currently carrying about $15,000 in medical debt. With just a couple of months before we return to Indonesia, we're asking for your prayer about this financial burden.

If your church feels led to give, any contributions can be designated with the memo: "**Ewing Medical**." We sincerely appreciate your prayers and support as we continue to serve.

Reaching Indonesia for Christ,

Josh, Elizabeth & Olivia Ewing
