Dearest Brethren, Companions In Labor, and Fellow Soldiers,

It is a blessing to be able to share the things that are happening, and the prayer needs we have at this time. Thank you for taking the time to read this letter and pray. It is by prayer and the grace of God that we have been nourished and kept by the hand of God. We often see so many needs and people that appear to have no hope and nowhere to turn. We trust the Lord that by His work, we can be salt and light and continue to point to the lost the Way that leads them to the Lord.

In Valledupar, poverty and unemployment continue to be on the increase. While corruption becomes more evident, young people and middle-aged people continue to leave and seek opportunities elsewhere.

Hannah Has Gotten Married

One of the things that has kept us very busy is that Hannah and her husband Joshua McNeeley were married on the fourth of January. They have known each other for over three years and have had a serious courtship for a year. They had a ceremony in Tunja where Hannah was born and plan to have a ceremony in English when they return. They plan to finish their last semester at PCC, then attend medical school at Liberty University with a deal they have with the U.S. Navy. Please pray for us as the nest is emptying and that the Lord guide Timothy in choosing a career and where to study.

With The Church

Thank the Lord, we have had the help of Esteban and Brother Simeon. We continue to pray that God will send a family called to receive the work. We have a great need to find a lot or a building for the Church. Maybe this year the Lord will answer that prayer.

After being away for such a long time, we were able to be with the Church during the times before Thanksgiving until a bit after Christmas. We were able to have meals and time of fellowship before heading out to organize things for the wedding. We hope to be able to follow through with plans to have a group of four with us from Mexico for a week in February. Valledupar has a new botanic desert garden park near the Church where we plan to have a bit of very much needed evangelistic activities.

The Present Danger

Without getting into much detail, violence and crime continue to increase. Kidnappings and extortions also. We need lots of prayer that the Lord would guide us to be "wise as serpents, and harmless as doves." Please help us pray for the Lord to reveal what He would have us do caring for the safety of our' family as we continue to work in Colombia.

Medical Follow Ups

Martha is doing much better and waiting for her jaw bones to mend from the oral surgery. In a couple of months they should finish the process. On the twentieth day of January, I have an appointment with a neurologist. Soon, I will be finding out when to follow up the residual part from my neck surgeries.

As always, we want to sincerely thank you for being there for us and upholding our' names before the Lord in prayer. Thank you for making it a faithful service to pray and to give. Thank you once again for your' love for us and for the people of Colombia.
