Pastors and Praying Friends,

Greetings from Thailand. We are all healthy and working diligently with our regular activities. The children are now half way through this school year, and they are all performing very well. Schooling your own children makes life very busy, but it is worth it. Please keep praying that they will finish well.

I am sad to report that Joel passed away in late April. After receiving brain surgery in March, the cancer returned larger than before in less than one week. His conditions deteriorated quickly, and God took him home. We are so glad that Joel made a profession of faith before all this came about. This whole experience was difficult for us and forced us to learn much about dealing with the death on the mission field. This was my first time, and I pray that we honored God through it all. Please continue to pray for Joel's wife, Phen, as she adjusts to life without her loved one.

In April, we felt our first earthquake. While the damage to the north of us and to the south of us was much worse, we suffered no damage. The event scared us, but we know the faithful prayers of God's people are instrumental in our safety. Please remember to pray for God to protect his people. We never know what might happen, but God will see us through it.

Visa renewal time is just around the corner, so we have started processing the paperwork to request permission to serve God another year in Thailand. Pray that God will give the government officers kindness and diligence to help us through the process.

We need your prayers. Missionaries are normal people that fight all the normal temptations of the flesh. Please pray for our encouragement. The last few months have been trying. The Devil has been fighting. Pray that we can be strong to serve the people God has given us to serve.

We can never thank you enough for your faithful prayers and support,

David, Jessica, Joanna, Lilian, John, and Judson Vickers
