## Church- Planting Missionaries in TAIWAN

### Easter & Mother's Day Blessings

This past month, we've had two significant events at our church. For Easter, we invited many of our unbelieving friends to join us for a special service on the mountain. It was a sweet and powerful time as we opened God's Word and remembered what took place on that first Easter when our Savior rose from the dead! Some of our friends heard this good news for the very first time. Hosting events like this outside of our "traditional" church setting gives our members more opportunities to share the Gospel with their friends. In Taiwan, where many people come from a pagan background, it often takes months of hearing the Gospel before someone is ready to trust in Christ.

Our second event at Candlestick was a Mother's Day brunch. We simply added breakfast to our regular Sunday service and used it as another opportunity to invite unbelieving friends. Those who came all come from Taoist backgrounds and are hearing about the Bible and Christianity for the first time.

Please pray for these families who plan to continue attending. Pray that they would come to know Jesus as their Savior. We're praising God for the growth we're seeing at Candlestick and for all that He is doing!

### Ray is in Prison

We are asking all of our church family and friends to pray for our new brother in Christ, Ray. Three weeks ago, we went to the train station to look for Ray but were told by his friends that the police had come and taken him away. Immediately, we began searching for him by visiting every police station we could, trying to find any information about his whereabouts. What we discovered is that, because we are not his family, we are not permitted to receive any details about his situation—including where he is being held—so we cannot visit him. Would you please pray that the Lord would open the door for us to meet the right people who can help us see Ray and encourage him during this time? Just about a month ago, Ray gave his heart to Jesus, and for some reason, it seems the enemy is doing everything possible to keep him from growing in his new faith.

### Gospel in Schools

The Lord has also given us several opportunities to preach the gospel in schools here in Taichung! At the last school we visited, we were invited to share during a special event that was open to the public. There were hundreds of people in attendance, from all different backgrounds and beliefs. We are truly grateful that the Lord opened the door for us to share His good news with so many at once.

Thank you for your prayers and support! God bless you!
