

# Adam & Ashley WALZ

July 2026

For the past month, Candlestick Baptist Church has been holding its very first Missions Month! Vision has done a tremendous job planning the month, inviting guest speakers, and teaching the church about the need for the gospel throughout Taiwan and around the world.

We are especially thankful for the faithful ministry of John and Alisha Walz, who have invested their lives in training men to preach God's Word. Because of their ministry, Vision was able to invite two of these young preachers to come and challenge our church with the Great Commission. We were also blessed to have a missionary from the Philippines come and encourage our members to invest in eternal rewards rather than temporary ones.

Please pray that the Lord will continue to work through His Word, giving our church joy not only in faithfully supporting their local ministry, but also in partnering to help bring the gospel to places they themselves cannot reach.

Speaking of the Great Commission, Candlestick Baptist Church recently hosted its latest Dinner Church completely on its own. The church members stepped up by preparing the food, serving the guests, and building friendships with those who attended. Vision faithfully preached the gospel, and several guests have already returned for Sunday services to learn more.

We are grateful to see the church recognizing the need to reach people in their own community and taking ownership of the work God has given them. Please pray that the Lord will continue to save souls and strengthen this young church as it faithfully proclaims Christ.

Being back in the States has also given us the opportunity to help our home church with its own Dinner Church ministry. As a result, we have recently started a Bible study with some of the attendees. There are two young adults in particular, Justin and Desiree, who have been faithfully attending and actively engaging in God's Word.

It is evident that the Holy Spirit is at work in their hearts. They consistently come prepared with thoughtful questions from the passage we are studying and have recently purchased their own Bibles so they can continue reading and studying at home.

Please pray for Justin and Desiree as God's Word is planted in their hearts. Ask the Lord to convict them of their sin, draw them to Himself, and bring them to repentance and faith in Jesus Christ as their Lord and Savior.

As for me (Adam) and my medical situation, the doctors have confirmed that surgery will be necessary in the near future. We are currently in the "hurry up and wait" stage as we wait for them to schedule the procedure. Please continue to pray that the Lord would be glorified through every part of this process and that He would provide for every need.

God is good, and we are not anxious about what the future holds because we know Who holds the future. Thank you all for your faithful prayers, encouragement, and support!
