Over the past year we have been praying about God's will for us. We have met with our doctors regarding Tammy's and my health. The doctors have given me a good report regarding my heart and we are managing my diabetes. As many of you know, Tammy has developed neurological seizures that began happening during our last year in Mongolia. These seizures do not cause her to convulse but she just pauses and can't remember anything she says or does during the seizure. Through testing, the doctors have determined that Tammy's left frontal lobe of her brain is misfiring, causing the seizures. The doctors do not know why these seizures started or what causes them to happen. The doctors have put her on medication and are still trying to find the correct dosage to stop the seizures. Tammy's asthma has gotten worse over the last few years. We have noticed that the extreme cold and sickness will cause her asthma to worsen. We have also spent more time with her father who will turn 80 in August. Before Tammy's sister passed away, she told Tammy she was concerned about her father forgetting things. We have noticed his memory is getting worse and we understand that he will need our care sooner rather than later.

We have talked with our home church pastor and the leadership at BIMI. We have prayed long and hard and believe that it is God's will for us to change our field of service from Mongolia to the USA. This has been the most difficult decision for us, but God has given us peace. We also believe that God is not done with us. We are not resigning from BIMI and they have approved our change of field. We ask for your continued prayers and support as we seek God's Will concerning where He wants us to serve. BIMI has many ongoing church revitalization projects as well as church planting opportunities in the USA. We are asking God to show us where he wants us to serve and are open to a revitalization work, an established work, or whatever God's will is for us.

Through April and May we continued reporting to our supporting churches. We were privileged to share all that God has done with all those who have supported the ministry in Mongolia.

We are very grateful for all that have prayed and supported us through the years of our service in Mongolia. It has been our honor to serve as missionaries to Mongolia. We are thankful to God for allowing us to work with partners over the past several years. The ministry in Mongolia was entrusted to us by God and He has provided others to continue the work. I am thankful that the investment in Mongolia will continue for years to come. There is fruit that remains.

Please pray as we will need to make one more trip to Mongolia to take care of our affairs and ensure a good transition of the leadership there. We ask that you continue to pray for us as we make this transition over the coming months. Please pray for God to give us wisdom to determine His will.

If you have any questions please contact me or my pastor Dewayne Jowers.
