

Dear Pastors, Partners, and Praying friends,

March 2024

### This past month:

We held a VBS program for the community! In the lead-up to the event, it was so encouraging to see church members come out week after week to help with VBS outreach. We had around 80 families and kids come from the community. I spoke with three families in particular, and it was interesting to hear how, even in our small corner of Santiago, people had come from Bolivia, Peru, and Venezuela to live. Several friends and I invited all three of these families to church and the youth and kids programs, and two families came the next day! I even taught three of the girls in Children's Church. I can't tell you how encouraging that was for the members of Liberty and for me. In total, we had 20 visitors the Sunday after VBS, and 16 of them came from our VBS outreach. We did a weekly follow-up with them and continue inviting them to church, kids' events, and youth group. **Please pray with us for fruit!**

I am now teaching the Sunday morning lessons in Children's Church every week and giving a devotional once a month. Rereading and sharing these Bible stories in a different language has been challenging and exciting. But even more fulfilling is hearing the kids' questions and seeing them understand and remember these Bible characters and lessons week after week in our review games. **As new kids continue to join our class, will you pray with me for God's Word to work in all their hearts so that they would be saved?**

### Praises

- Great VBS
- Visiting families & kids
- Teaching Opportunities

### Prayer Requests

- Easter Program
- Liberty's English Outreach
- Young Ladies Conference

### This coming month:

We have a lot of things coming up in April, including special Easter services and activities for our youth and kids programs. **We are also planning our first English class outreach at Liberty's current location.** Pray with us for many to come so we can share Jesus with them. And lastly, we will be having a young ladies' conference in mid-April and hearing from my friend and missionary to Peru, Lauren Grant, about how to be Transformed by the Cross. Please pray even now for God to prepare the hearts of these young ladies to receive His Word.
